

Ariadne's Thread™

Repositionable Breast Localization Needle

With its retractable hook
and the unique flexibility
of its guiding thread,
Ariadne's Thread®
is an effective device
in pinpointing microcalcifications
and mammary lesions.

FAM 20/7	Ariadne's Thread® L70	70mm	Braided stainless steel
FAM 20/10	Ariadne's Thread® L100	100mm	Braided stainless steel
FA2 20/135	Ariadne's Thread® L135	135mm	Braided stainless steel

A straightforward procedure...

- Wing grip and thumbbutton design allows single handed use,
 - Retractable hook allows repositioning,
 - Indicator on wing shows direction of hook.

... for accurate location...

- Hook release at the needle tip for an accurate pinpointing,
 - Break indicators & depth gauge for accurate depth location,
 - Echogenic Needle Tip for ultrasound use.
- ... and efficient surgery.*
- 8mm Loop Hook for easier penetration and stability,
 - Braided stainless steel or polyamide thread to reduce risk of migration,
 - Removable silicone stopper for partial hook release prior to confirming position.
